## About Me

BCA student with 1.5+ years of real-world experience across web development, mobile apps, automation, and digital marketing. Built and deployed **15+ production websites**, **3 mobile apps**, and **10+ n8n automation workflows**. Lead Developer at Binary Boss. Passionate about taking businesses from zero to online — handling everything from code to content.

## Professional Experience

### Full Stack Developer | Trireme Life Science | Panipat

2026 – Present

- Built scalable B2B pharma platforms with admin dashboards for multi-vendor management.
- Implemented Redis caching reducing API latency and built JWT + Role-Based Authentication systems.
- Optimized MongoDB schemas for high-traffic product catalogs and marketplace integrations.

### Web Developer | InnovationSoch (Startup)

Jan 2025

- Built production-ready web applications end-to-end: UI/UX, backend, hosting, deployment.
- Developed SEO-optimized UIs with React.js and Tailwind CSS; backend with Node.js, REST APIs, Firebase.
- Web scraping and data extraction using Python (BeautifulSoup, Selenium) for lead generation.

### Web Development Intern | CodeQuotient

2025 (45 Days)

- Developed React SPA features and resolved backend API bugs.
- Followed Git workflow, collaborative code reviews, and CI/CD deployment processes.

### Social Media Manager | Travel Trade (Freelance)

2025 (6 Months)

- Managed social media accounts, created engagement-focused content strategies.
- Generated leads through digital marketing campaigns and daily content posting.
- Tools: Canva, CapCut, Filmora, VN Editor for video content creation.

## Web Development Projects

### GymFlow — SaaS Gym Management Platform

[🔗 Live](#)

- Full SaaS platform: 150+ gyms, 7,500+ members, 50L+ in transactions.
- Features: Member CRUD, CSV import/export, QR attendance, E-commerce store, Admin dashboard.
- 90% faster API (500ms → 50ms) via Redis; 70% storage reduction (90MB → 25MB).
- Custom WhatsApp integration saving 50,000/year; 99.9% uptime, 2000+ concurrent users.

### TRIEME — Multi-Vendor B2B Pharma Marketplace

[🔗 Live](#)

- B2B platform for pharma distributors with online store creation and compliance onboarding (Drug License, GST).
- Admin dashboard with vendor approval, analytics, and product management.

### E-Commerce Platform (Web + Admin Panel)

- Complete platform with user-facing website, admin dashboard, and secure payment gateway integration.
- Authentication (login/signup), forgot password with OTP, and role-based access control.

### Business & Client Websites (15+ Live)

- [Vedomin Life Sciences](#) — Pharma business website
- [Holistic Jeevandhara Foundation](#) — NGO/Foundation
- [VedAgro Group](#) — Fuel import/export business
- [Supplix](#) — Business solutions website
- [Agil Exports](#) — Export business
- [Saksham Apple Veda](#) — Business website
- [Asia Pacific Pharma](#) — Pharma platform
- [Digital PharmaPreneur](#) — Digital platform

- Design Houzz — Next.js + TypeScript
- Vandana Handloom — SEO-optimized production website

## App Development Projects

- **Gym Management App (React Native):** Complete mobile app for gym owners — member management, QR-based attendance tracking, real-time revenue dashboard, and payment reminders.
- **Expense Tracker App (React Native):** Personal finance management app — add/delete expenses, category-wise tracking, monthly summaries, and visual charts for spending analysis.
- **Worldwide Weather Checker App (React Native):** Real-time weather app — search any city globally, displays temperature, humidity, wind speed, and 7-day forecast using weather API integration.

## n8n Automation Workflows (10+ Built)

- **Lead Generation Automation:** Automated capture from web forms → database storage → real-time email/WhatsApp notifications.
- **Marketing Automation Pipeline:** Multi-step workflow reducing manual follow-up time by 80%.
- **WhatsApp Auto-Reply System:** Built custom WebJS-based auto-responder handling 200+ messages/day at zero API cost.
- **CRM Sync Workflow:** Automated data sync between Google Sheets, WhatsApp, and email platforms.

## Digital Marketing & Content Creation

- **Social Media Management:** Handled 3 accounts (Travel Trade + 2 client businesses) — content calendar planning, daily posting, engagement tracking.
- **AI-Powered Content:** Using AI tools for caption generation, hashtag strategy, and post ideation.
- **Video Editing:** CapCut, Filmora, VN Editor — reels, promotional videos, before/after content.
- **Design:** Canva for social media graphics, posters, banners, and ad creatives.

## B2B Marketplace Management

- **Platforms:** IndiaMART, TradeIndia, ExportIndia — full product lifecycle management.
- **CRUD Operations:** Product listing creation, updation, deletion; catalog optimization.
- **Lead Generation:** Optimized product visibility to improve ranking and generate qualified business leads.
- **Analytics:** Tracked inquiry-to-conversion rates and marketplace performance metrics.

## Management & Leadership

- **College Farewell Management:** Led organizing committee for college farewell event — venue, budget, scheduling, team coordination.
- **Festival & Event Management:** Organized multiple college festivals and cultural events with cross-team collaboration.
- **Travel Planning:** Successfully planned and executed group trips to Mumbai, Kashmir, etc. — budget management, itinerary planning, accommodation booking for friends.

## Achievements

- **Hackathon Lead:** Built full e-commerce site (frontend + backend + DB) in 10 hours — fastest MVP.
- **Early Internships:** Cracked 2 internships in 2nd year — CodeQuotient and Innovative Soch .
- **Lead Developer:** Promoted to Lead Developer at Binary Boss Hackathon with in participation.
- **LinkedIn Growth:** 1K+ followers with posts reaching 5-6 lakhs engagement organically.
